ideation

**We disrupt complacency
New thinking
New ideas
New opportunity**

A senior consultant will accompany your next big idea festival. This is an attractive and simple way to engage an Opportunity Logistics design strategist.

think tanks

**We join disparate ideas
Dance with difficult concepts
Transitional Leadership
Exploitive rectification**

An ideal solution for any organisation planning a strategic approach with a mixed stakeholder group. Through a series of bootcamps and facilitation sessions you will witness your team develop dynamic strategy.

design strategy

**We target foresight position
Enterprise Architecture
Inspirational Leadership
Develop new markets**

Opportunity Logistics will develop your strategic direction on your behalf. A small team will run diagnostics and scanning, present the analysis and with your direction will design a prospective business opportunity strategy.

leadership development

**We openly share our model
Short course seminars
Qualifications
Work integrated learning**

Should you wish to develop design strategy capability Opportunity Logistics will customise skills development or qualification for you or your team. We design education for emerging leaders, executives and entrepreneurs. Ask about funded training.
