

Teaching Fellowship Program

VET DEVELOPMENT CENTRE | 2024

The Teaching Fellowship aims to provide an immersive experience for teachers with a minimum of three years teaching practice, by providing a comprehensive development program which builds on their teaching practicum and educational leadership capability. **Applications will only be received from training organisations that have a 2024 Skills First contract.**

The program provides Teaching Fellows with focused support in professional development so that over time, they can make a significant contribution to the growth of the teaching professionalism in VET, improving outcomes for students, industry, and the community.

2024 Program

The Teaching Fellowship Program will consist of several components:

Fellows undertake a comprehensive learning program over 3 months. The development program includes an appropriate course of teacher training, professional development and other learning activities provided by VDC.

In 2024, the topic areas for professional learning include:

- /// Engaging students with technology in training.
- /// Advanced Teaching Practice.
- /// Artificial Intelligence in teaching practice.
- /// Managing Yourself and others.
- /// Innovation in teaching practice.
